

## **Sustainability skills entrepreneurial mind set to foster migrant women employability and upskilling possibilities**

NEWSLETTER #3

### **PROJECT RESULT 1 IS READY!**

We have successfully concluded the development of our first project result – an educator's manual. This manual is specifically tailored to tackle women's challenges when seeking employment. It strongly emphasises practical skills acquisition and aims to boost resilience and motivation levels among women. The manual covers many topics dedicated to supporting women in their pursuit of employment and personal growth. You can download this manual from our website: [www.step-up.myerasmus.net/manual-for-educators-and-facilitators/](http://www.step-up.myerasmus.net/manual-for-educators-and-facilitators/)

The manual book covers various topics related to empowering marginalized groups and promoting equal opportunities in the labour market. It discusses the challenges and barriers faced by migrant women, as well as the importance of motivation, inspiration, and resilience in overcoming these obstacles. It also emphasizes the need for employability skills in the 21st century, as well as the importance of assessing and recognizing skills properly. The book also advocates for non-formal education to foster professional development and highlights the important role of local engagement in the success of programs. Finally, it explores competencies and opportunities for educators in promoting and facilitating equitable access to the labour market. Overall, the manual is a valuable resource for individuals and organizations looking to support people facing barriers in the labour market.
